IS THERE A MAN OF ACTION IN THE HOUSE?

Your man of action may not fancy spunky little planes. He may never have climbed into a cockpit or a cabin; Tiger Moths and Cessnas may leave him cold. Your man of action may be active other ways: on boats or bikes; at golf or going to football; on ski-slopes or speedways; or digging in the garden... or faithfully mowing lawns. Some way, somehow, each man's a man of action — and this book of Bluebell hand-knits is especially for him — for the man of action in your house.

Handsome masculine waistcoat crocheted in a close crochet stitch. Amply provided with three pockets — one dress pocket plus one at each side. Style No. 7667. Instructions for knitting begin page 16.

SUCCESSFUL RESULTS DEPEND ON CORRECT TENSION!

To knit garments you'll be proud of, always make a Tension Test. Correct tension brings out a further benefit of Patons exclusive Patonising process. You'll find your knitteds have maximum resistance to pilling as well as shrinkage. So you're sure of knitteds looking fresh and new through wash after wash.

Tension Test: Before you start knitting, take the yarn and needles specified in the instructions, cast on 20 stitches, work 20 rows in plain smooth fabric. Lightly press work. Check the tension by placing an inch tape across the stitches. Count the exact number of stitches to 2 ins. and compare with the tension given in the instructions. If your tension is too loose, try a size finer needle. If it's too tight, try a size larger needle. If more than one size of needle is recommended in the knitting instructions, and you have altered your needles to correct the tension, corresponding alterations must be made to needles throughout the instructions.

CHECK THE DYE-LOTS!

Always buy enough yarn to complete your garment, and be sure it comes from the same dye-lot. Slight variations between dye-lots are unavoidable. So CHECK dye-lot numbers. It pays.
